

HIGH EARNERS MONTHLY MONITOR

Each month JGFR provides an analysis of the spending and saving confidence of high earners and of their attitudes towards personal finance and the general economy. This analysis is published in the ***High Earners Monthly Monitor***.

This market segment is an appealing one to many businesses (households earning over £50,000) and covers:

Key findings

Confidence & profile of high earners

Attitudes to personal finances, general economic situation and the spending climate

Spending & saving confidence

High-income households financial position

Inflation & jobs

The report costs £875 +VAT for an annual subscription or £80 +VAT for a single copy.
